Clark County students were suspended or expelled in the 2013-2014 school year.

Would you like to use your personal experiences to make a change in the community?

The **Family, Youth and System Partner Roundtable** is the place to learn about what's going on in our community and to talk about it with others that have experience in the system (school, mental health, etc.). We need you in this work to improve and enhance services in our community.

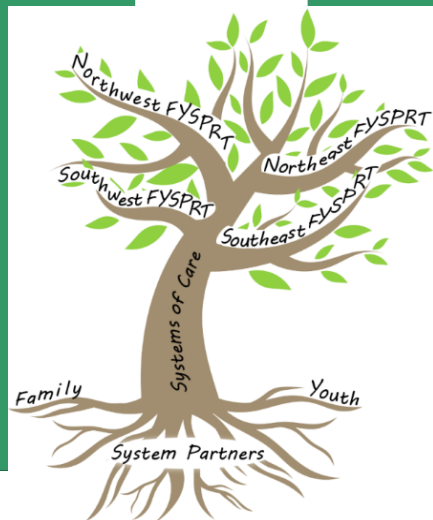

Your voice is important to help improve services in our community!

Monday, October 19 from 4-6 PM
Clark County Operations Center

Please contact

Come join and discuss ways to expand the group's outreach, and bring more youth and cultural representation to the table.

We'll also discuss how the group could best spend its budget in order to enhance services in our community.
