- awesome food

- good space

- logo contest (30 entries)

- still looking for winner and 2<sup>nd</sup> place

- \*successful, good turn out

- \* video (hope to see in a month or 2)

- \*good exposure and resource tables→more emphasis in future

- \*enjoyed planned parenthood's condoms

  - travis will talk at daybreak next time and possibly a schedule of

events next time

Daniel→Travis and Jordan returning again soon

Item #2 (skip due to weather)

Item #3 FYSPRT name options-discussion

Motivation factor: no one understands it

Hope out loud? Resonated with others

Do we need to change logo: no

We should see logo first→showed new logo

Can evolve with us as we go

Ideas

- LOC: linking our community—a place for the entire community

- Linking: a resource center to share resources

- Hope out Loud

- Sending out an email to collect recommendations

- SPEAK: share personal experiences and knowledge

## Statewide FYSPRT

### Report out (1 and 2)

How does WISE and this group interact? He is liason and shares info in both directions. WISE meets bimonthly to share good/bad. This keeps this meeting from becoming a WISE meeting. Focus on systems of care as well as families directly involved in CCS services. CCS needs to invite families: maybe as families are transitioning out of WISE services.

### Children's admin feedback request (3 and 4)

Foster care system: CPS doesn't investigate far enough into homes, also doesn't look for homes that fit the kids.

Need respite care, parenting classes for older youth

Parenting/teen workshops

Complex system

Front porch

DCFS attending meetings (not)

CA providing program to stabilize foster youth so wise services can help

Cody from Health Care Authority will reach out to DCFS to try and get someone to come.

BRS homes: needs better training

Respite

Lower level of care in home services

More wrap around service

More CASA and big brother

Ellie and Briana are taking over FB group. What kinds of info do you want to see?
